

Dear Members of the Franklin Regional Retirement System,

I am a retiree of Frontier Regional School District. I was employed from June of 1986 until my retirement date in December 2019.

During those 33 years I worked in the positions of Accounts Payable, Payroll Officer Insurance Enrollment Processor, Student Scholarship Bookkeeper and for the last nine years as Treasurer of Frontier Regional School.

I served on the Franklin Regional Retirement Board from 2016 through 2018 I found that term of service to be a very informative and satisfying experience. I believe my prior experience at Frontier and as a Board member will serve me well to once again be of service to the active, inactive and retired members of Franklin Regional Retirement System.

I am eager to return to the board to fill the position of the Third Member. I have worked with most of the current members of the board during my previous term on the board and feel that we worked well together.

I would be honored to be of service again and help to make decisions which will ensure a dependable and secure future of the system for all of its members.

Thank You for considering me as you take the time to vote.

Sincerely,

Paula Light
